

Critical Illness Insurance

Help minimize the financial stress that may follow the diagnosis of a serious illness

What is it?

Critical Illness Insurance pays a lump-sum benefit if you are diagnosed with a covered illness or condition. Critical Illness Insurance is a limited benefit policy. It is not health insurance and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

What conditions does it cover?

Unless noted, your payment will be at 100% of your benefit amount.

Why should I consider it?

Use your paid benefit for any purpose, such as paying out-of-pocket medical expenses, copays, deductibles, groceries, gas, utilities and more – it's up to you.

Coverage is always guaranteed issue.

Your coverage goes with you if you leave your employer or retire, and you'll be billed at the same rates via direct billing by the insurance company.

* A sudden cardiac arrest is not in itself considered a heart attack.

** Major organ transplant means the irreversible failure of your heart, lung, pancreas, entire kidney or liver, or any combination thereof, determined by a physician specialized in care of the involved organ.

*** Diagnosis of a severe infectious disease by a Doctor, when a diagnosis occurs on or after the group's coverage effective date; AND Confinement to a Hospital or a transitional facility for 5 or more consecutive days.

Who can be covered?

Your employer is providing basic Critical Illness Insurance at no cost to you if you are enrolled in a health plan.

You	\$5,000
Your spouse*	\$5,000
Your children*	\$5,000

Coverage is available only if employee health plan coverage is elected.

* The use of "spouse" in this document means a person insured as a spouse as described in the certificate of insurance or rider. This includes a domestic partner as defined by the group policy. Please contact your employer for more information.

** Children birth to age 26 and as defined by your employer's plan. Coverage is available only if employee health plan coverage is elected.

How many times can I receive this benefit?

You may receive a benefit payment for each different diagnosis of a covered condition shown on your Schedule of Benefits. (A definition of "different diagnosis" is provided in the certificate of coverage).

There is no total maximum benefit amount or limit to the number of payments you may receive for each covered condition under your plan, except for skin cancer.

For skin cancer, the benefit is payable up to 1 times per calendar year with a total benefit amount of 10 times the benefit amount you're enrolled in. Once the maximum for skin cancer has been reached, no further benefits are payable.

What else is included? The benefits below are also included with your coverage. For a complete description of your benefits, along with applicable provisions, conditions on benefit determination, exclusions and limitations, see your certificate of insurance and any riders.

Portability If you are in a situation where your eligibility for benefits is changing, such as reduced hours, termination from employment, or a life event such as divorce, you may want to continue your insurance coverage. Portability allows you to continue your coverage under the same group policy by paying your premiums directly to the insurance company.
