2026 Highlights

We appreciate your feedback from the survey earlier this year and are thrilled to announce some exciting benefit enhancements based on your input. In 2026, you'll continue to enjoy the same great benefits, along with new additions such as a PPO copay plan and a scholarship program. These changes are designed to offer you more choices and greater convenience!

More Health Plan Choices

When it comes to health coverage, there is no one-size-fits-all approach. We want to give you plenty of options to fit your needs, so we've added a fourth health plan. While the three current plans are high deductible health plans (HDHPs), the new one is a Preferred Provider Organization, or PPO Copay Plan.

Separate Dental Plan Election

In 2026, base dental coverage will not be bundled with the medical plan. You will need to elect it separately. You will have two choices from Delta Dental: Base and Enhanced. Only the Enhanced Dental option offers orthodontia coverage. In addition, the Enhanced Dental maximum is increasing from \$1,500 to \$2,000.

2026 Health/Dental Plan Premiums

In 2026, employee health and dental premiums will see a modest increase of 2.5%. While the premiums for our current high deductible health plans are slightly lower in 2026 compared to 2025, the overall cost has risen due to the separate base dental premium and slightly higher enhanced dental premium. When these premiums are combined, there is an overall increase.

This small 2.5% increase is significantly lower than the industry market increases of over 8% for medical and Rx and 5% for dental, showcasing our commitment to keeping costs manageable for our employees.

Scholarship Program

Through our new scholarship program, we'll award up to 10 \$5,000 scholarships to children of Arcwood employees for education-related expenses like tuition and books.

Hospital Indemnity Plan

With our new voluntary hospital indemnity benefit from Voya, you can get help minimizing the financial impact of a hospital stay. When you have a covered hospital stay, you receive a lump sum payment that can be used as you see fit—medical care, household needs, childcare, etc.

Early Retirement Health Coverage/ New Healthcare Options

Currently, employees who retire between the ages of 60 and 64 with 10 years of service may elect Early Retirement Health Coverage by paying the full cost of COBRA through age 65—a significant out-of-pocket expense. **Beginning March 31, 2026, we will no longer offer the Early Retirement Health Coverage to new participants.** If you're considering retiring prior to age 65 and are interested in participating in the Early Retirement Health Coverage, please contact hrs@arcwoodenviro.com by February 1 to plan for a March 31 retirement.

As an alternative, we've identified more flexible and potentially cost-effective health coverage options through platforms like HealthMarkets.com (select a local insurance agent on the site or search online on your own) and Healthcare.gov, which allow you to compare plans and enroll in coverage that best fits your individual needs and budget.

Note that if you retire after March 31, 2026, you'll still have the option to elect and pay for COBRA coverage for up to 18 months as well as explore the personalized coverage options above.

Four Options. More Choice.

Quality health coverage is one of our most valuable benefits. We offer four health plans so you can choose the best option for you and your family.

All of our health plans offer:

- Access to high-quality providers
- Free preventive care covered at 100% with in-network providers
- Both in-network and out-of-network coverage
- Prescription drug coverage
- Base critical illness coverage for you and enrolled family

	PPO Copay Option	HDHP Option 1	HDHP Option 2	HDHP Option 3
Premium Affordability	\$\$\$\$	\$\$\$	\$\$	\$
Deductible (per person/per family)	\$2,000 / \$4,000	\$2,000 / \$4,000	\$4,000 / \$8,000	\$6,000 / \$12,000
Doctors Visits & Prescriptions	Copay	Deductible + coinsurance		
Ideal for	Those who use healthcare services more frequently and want set copays	Those who expect ongoing moderate to high medical expenses	Those who expect low to moderate medical expenses	Those who do not anticipate significant expenses and are willing to accept more cost risk if they need care
Other Considerations	Predictable (and lower) costs when you seek care	Opportunity to put tax-free dollars aside for healthcare expenses—plus, Arcwood’s contribution to your Health Savings Account (HSA)		

Tobacco Surcharge

- If you (or your spouse/domestic partner) enroll in one of our health plans and use tobacco, you will have a **\$75 monthly surcharge** in addition to your weekly or bi-weekly payroll deductions. (If you both use tobacco, the fee is still a \$75/monthly total.)
- The **surcharge** is \$17.31 weekly and \$34.62 biweekly
- If you are hired mid-year, **the surcharge is prorated.**
- **Tobacco user:** Anyone using cigarettes, e-cigarettes, cigars, chewing tobacco, smokeless tobacco, snuff, vapor, etc.
- **Not a tobacco user?** Click “non-tobacco use” status during the enrollment process.
- **How to avoid the surcharge:** Complete the eight-week Freedom from Smoking Plus Tobacco Cessation Program*. Submit your certificate of completion to HR to waive the tobacco surcharge. Be sure to complete it by Dec. 15, 2025, to avoid surcharges in 2026.

All regular, full-time employees may participate in the Freedom from Smoking Plus Tobacco Cessation Program. You do not have to be enrolled in an Arcwood health plan to participate. Spouses/domestic partners and dependent children ages 18-26 who are enrolled in an Arcwood health plan may also participate.

*While premiums for domestic partner coverage are the same as those for covering your spouse or family, there is a tax implication you should be aware of. The total cost to cover your domestic partner and/or your partner's children is considered taxable income (i.e., imputed income) and is reported as such on your Form W-2.

HDHPs vs PPOs: How They Compare

	HDHPs	PPO Copay Plan
The Costs	Lower premiums (amount taken out of paycheck each pay period) in exchange for high deductible (amount you pay before plan starts sharing costs)	Higher premiums in exchange for copays before deductible
What You May Like	- Paying less upfront out of your paycheck - Being able to set aside tax-free dollars - Receiving Arcwood's HSA contribution each pay period	- Seeing any doctor or specialist without a referral - Having set copays for office visits and prescriptions, so it's predictable how much things will cost
Financial Considerations	- You pay more out of your own pocket when you seek care (but you save on premiums each month) - You pay the full cost for services (except preventive care) until you meet your deductible - Preventive Rx Drug List is covered at 100%	- You pay more upfront with your premiums (but less when you seek care) - No 100% covered Preventive Rx Drug List, copays apply
Who May Like It	Those who don't go to the doctor often and want to save or invest what they don't spend on healthcare	Those who expect more medical care throughout the year
Funding Account Options	HSA: - Save tax-free money for medical expenses - Money is always yours and rolls over year to year - Can use as a medical nest egg for the future Arcwood also contributes to your HSA: Employee only: \$600 Employee + one person: \$1,200 Family: \$1,600	Not eligible for HSA

Health Savings Account (HSA)

Tax-advantaged Account for Health Expenses

Your HSA earnings grow tax-deferred, can be used tax-free without ‘use it or lose it’ rules, and roll over to the following year.

An HSA is part of our high-deductible health plans (HDHPs).

HSA funds can be used for all qualified medical, pharmacy, dental, and vision expenses, including:

- Medical services
- Dental procedures
- Over-the-counter medications
- Eyeglasses
- Prescription drug coverage

How it Works

Employer Contributions

If you enroll in one of our HDHPs (PPO Copay Plan not eligible), we deposit money in your HSA each paycheck to help with the cost of your eligible medical expenses.

Employer Annual HSA Contributions	Annual	Weekly	Biweekly
Employee Only	\$600	\$11.54	\$23.08
Employee + Spouse/ Domestic Partner	\$1,200	\$23.08	\$46.15
Employee + Child(ren)	\$1,200	\$23.08	\$46.15
Employee + Family	\$1,600	\$30.77	\$61.54

You Contribute, Too!

- Just like regular savings accounts, HSAs allow money to accumulate year after year and earn interest.
- The money in your HSA always belongs to you, even if you retire or change employers.
- You can contribute up to \$4,400 for employee and \$8,750 for family, with a \$1,000 catch-up available if you are 55 or older. Remember, the money your employer contributes counts toward the annual maximum.

Turning 65 in 2026?

You have the option to accept or decline enrollment in Medicare, including Medicare Part A, which can impact contributions to an HSA. For more information about your options, reach out to HR Services.

How to Use Your HSA

- 1 When you visit a provider, you typically do not pay at the time of service.
- 2 After your visit, your provider submits your claim to Anthem.
- 3 Anthem applies network discounts, and you'll receive an Explanation of Benefits.
- 4 Your doctor will then send you a bill for what you owe.
- 5 You can pay your bill by using your HSA.

The following criteria, as defined by the IRS, needs to be met to qualify for an HSA:

- Covered under a High Deductible Health Plan.
- Have no other health coverage except what is permitted by the IRS.
- Not enrolled in Medicare.
- Cannot be claimed as a dependent on someone else's tax return.

Critical Illness

Unexpected Illnesses. Additional Protection.

Safeguard your finances with critical illness insurance.

You can choose from two plans to fit your needs.

This insurance pays a cash benefit for certain serious illnesses such as stroke, cancer, and heart attacks.

→ Basic Critical Illness

Health plan participants are automatically enrolled in a basic critical illness benefit at no cost.

→ Enhanced Critical Illness

This plan has a larger cash benefit and covers additional complex conditions such as cerebral palsy, cystic fibrosis, spina bifida, and more.

Eligibility

You, your spouse, and/or children up to age 26.

What you need to know:

- You may use the payment to help you pay for out-of-pocket medical and non-medical expenses your medical insurance doesn't cover.
- Enhanced option:** Employee-paid benefit increases your maximum payout for critical illnesses up to \$25,000.
- Enrollees covered by Enhanced Critical Illness are eligible for a \$50 annual wellness benefit for each covered individual who meets screening test criteria.

Example: Stroke

Mary had not been feeling well for several weeks when she woke in the middle of the night with chest pains. Her husband reacted quickly and called 911.

Although Mary suffered a heart attack, she recovered following surgery, a weeklong hospital stay, and a few days at a rehabilitation facility. Because Mary had a critical illness policy, which covers heart attacks, she received a cash benefit to help pay for her medical, transportation, and living expenses, as well as lost income from being off work during recovery.

Example: Mary is 36 years old and has \$10,000 of coverage. $(\$10,000 / \$1,000) * 0.48 = \$4.80$ monthly premium

	Basic* Critical Illness Cash Benefit	Enhanced Critical Illness Cash Benefit
Employee	\$5,000	\$10,000

Unexpected Issue. Supporting You.

For unexpected health issues such as an illness, injury, or other circumstance, these benefits offer additional support and resources.

You have two types of disability coverage:

→ Short-Term Disability

Protect your income during a period in which you are unable to work because of an illness or injury not related to your job.

→ Long-Term Disability

Receive income continuation during an extended period of disability resulting from illness or injury.

Short-Term Disability (STD)

Arcwood Environmental covers 100% of the cost for STD.

How it works:

- Benefits begin immediately with no elimination period.
- Benefits eligible employees receive salary continuation equal to 100% of their current weekly earnings for weeks 1-13 and 80% of their current weekly earnings for weeks 14-26.
- Coverage is available for up to 26 weeks.
- This benefit is paid through payroll. Your normal taxes and benefit deductions, including 401(k) contributions, will be withheld from your benefit payment.

Long-Term Disability (LTD)

Arcwood Environmental covers 100% of the premium for LTD.

How it works:

- Benefits begin on the 181st day of disability (after STD ends).
- LTD pays 60% of your pre-disability income, in the event you are unable to work.
- The maximum monthly benefit is \$15,000.
- Pre-disability income is defined as gross income including commissions and mileage, but excluding bonuses and overtime.
- LTD benefits continue until your Social Security Normal Retirement Age (SSNRA).

Retirement Plan

Future Plans. Save Now.

Participating in a 401(k) plan is crucial for building a secure financial future, and with our matching contributions, you can accelerate the growth of your savings even more.

You can choose from two ways to save:

→ Pre-Tax 401(k)

Invest a portion of your paycheck before taxes are withheld. This reduces your taxable income, and your earnings and deferrals are not taxed until you withdraw the funds.

→ Post-Tax Roth*

Pay the taxes on your retirement savings today. Your earnings will grow tax-free, and you will not pay taxes when you withdraw funds during retirement.

Eligibility

All employees are eligible to participate in saving for retirement.

- **Full-time and part-time employees:** You are automatically enrolled into a 401(k) with a 6% election with automatic increases annually until you reach a total of 15%, or you change your initial election.
- **Temporary employees and interns:** You will not be automatically enrolled but you can contact HR Services to enroll.

*Withdrawals must be taken after age 59 ½ and the funds are held in the Roth account at least five years prior to withdrawal to be treated as qualified with no taxes or penalties.

Rollovers

Need assistance rolling over your existing retirement plan? Contact Empower's Rollover Services Team at (888) 737-4480.
